*Announcing Fine Art Solo Exhibition by Julian Lennon  
for the Launch of The Heritage – A VIE Legacy Show Home*

*Celebration Features Delectable Dishes by Celebrity Chef E.J. Lagassé,  
with Special Guest Emeril Lagassé*

Seagrove Beach, Florida (August 2022) – Bella Mare Real Estate Holdings and *VIE* magazine announce an exclusive solo exhibition by internationally acclaimed artist [Julian Lennon](#) of his fine art photography to commemorate the launch of [The Heritage – A Legacy Show Home](#). The opening night soiree for Lennon's photography will take place on September 16, 2022, from 6:00 to 9:00 p.m. The event comes just after Lennon's new studio album release, *Jude*, slated to release on September 9, 2022.

"I am delighted to partner with The Heritage with an exhibition of my photography in celebration of the debut of the Legacy Show Home," says Lennon. "It's a privilege to share the special moments, people, and places that have moved me in my travels around the world. I hope these images I have captured remind us of the infinite beauty that surrounds us."

Guests will be invited to browse and purchase a selection of Lennon fine art photography pieces that will adorn the walls of the show home. Lennon was *VIE* magazine's February 2022 cover star and a guest on the brand's *VIE Speaks: Conversations with Heart & Soul* podcast, where he discussed his passion for photography as well as his mission to study and improve life for communities worldwide. The collection of both black-and-white and color photographs reflects Lennon's travels and inspiration from around the world, depicting his personal journey as an artist in the midst of unique life experiences.

The event will be hosted by The Heritage – A Legacy Show Home located in the gated Heritage Dunes community in scenic Seagrove Beach, Florida. The Heritage is the fifth show home presented by *VIE* magazine. It is the first of nine custom homes developed by Bella Mare Real Estate Holdings, LLC, that will round out the north side of Heritage Dunes, just steps from the white-sand beach and Gulf of Mexico. The homes are designed by architect Gerald Burwell of

[Burwell Associates, Inc.](#) and built by [Grand Bay Construction](#), with interiors by Duce May of [Duce & Company Interiors](#) and landscapes by Patrick Hodges Land Studio. They will be listed for sale by the brokers at [La Florida Coastal Properties](#).

Designer Duce May has curated the interior of The Heritage to reflect the Southern coastal vernacular, evoking an unrivaled sense of refined living akin to the classic elegance of Ralph Lauren meets beachside style. The home draws inspiration from the surrounding landscape, including the white-sand shores and emerald Gulf waters, while protecting the indigenous flora and fauna. The show home will be listed for sale and open to visitors by appointment for 30 days following the launch party.

The ticketed soiree will allow patrons to explore The Heritage, enjoy food and beverages, peruse Lennon's work, and mingle with special celebrity guests in attendance. Chef E.J. Lagasse, the son of Chef Emeril Lagasse and chef at Emeril's in New Orleans, will be preparing heavy hors d'oeuvres, and Emeril and Alden Lagasse (past [VIE](#) cover stars) will be in attendance as special guests. Paul Sutton Bourbon cofounder and owner Myra Barginear will offer pours of this select-batch legacy bourbon, a specialty cocktail by mixologist Christine Tarpey of Better Together Beverage will be served, and other curated beverages will be on the menu. The charity auction will feature a one-of-a-kind portrait of Julian Lennon by pop artist Ashley Longshore, another former [VIE](#) cover star and [VIE Speaks](#) podcast guest. It will also include other original artworks, luxury items, and travel experiences.

A portion of proceeds from the event will be donated to [Point Washington Medical Clinic](#) (PWMC), the Northwest Florida community's source for high-quality primary health care located in Santa Rosa Beach. The PWMC's mission is to provide the best care regardless of a patient's means or insurance access. Expected to open in 2023, the PWMC's new permanent location is under construction, and the nonprofit clinic is raising capital for its completion and programming, including furnishing and equipment, two dental suites, community health classes, and more.

A share of the event's revenue will also benefit [The White Feather Foundation](#) (TWFF), Lennon's non-profit organization dedicated to environmental and humanitarian causes. TWFF raises funds for the betterment of all life in conjunction with partners from across the globe.

### **About Julian Lennon**

Born in Liverpool, England, Julian Lennon began his artistic trajectory at a young age with an inherent gift for playing musical instruments. Those abilities would soon broaden into the cinematic and visual arts. As an observer of life in all its forms, Julian developed his personal expression through such mediums as music, documentary filmmaking, and philanthropy before exploring fine art photography.

‘Timeless,’ his first photo exhibition, staged in Manhattan in September 2010, debuted Julian’s considerable talents behind the camera, as seen in photographs of U2 and his painterly landscapes. Since then, his work has been exhibited throughout the world. His show ‘Horizon’

reconciled photography with philanthropy, the results of an initiative between The White Feather Foundation and Charity: Water, which brought critically needed clean drinking water to parts of Africa. During his travels through Kenya, Ethiopia, South America and beyond, Julian captured a wide variety of images with the intention of inspiring viewers to learn about unique Indigenous cultures, whilst raising awareness of their plights.

Empathy, notes Julian, is the bond that unites the planet. He offers, “We are all in this together, and hopefully someday, the world will realize that... Photography is one way to share, learn, appreciate, and experience other cultures, which in turn allows us to empathize with other people’s lives...”
